

Dear FCC,I am a paying customer of XM radio. I'm inclined to do so because the service they provide is far better than any FM/AM radio station available. Their signal is clear, they offer music that I enjoy listening too (not the same short rotation crap that flood the FM airways) and their traffic and weather reports are available at the touch of a button, Unlike FM radio where you are forced to sit through tons of commercials and talk about other gossip. Too often pertinent information like the weather and traffic are held hostage to keep you listening and tuned to their station.

I pay for my service at XM radio and don't really feel it's up to NAB to dictate what I'm permitted to hear. Please reject the NAB petition 04-160 and allow me to continue receiving the kind of programming and service I want and am willing to pay for.

Sincerely,  
Sandy Ludwig
